

Disability Support Statement

The Bar of Ireland is committed to ensuring equal opportunity in the profession, respecting the diversity and individualism of its members, recognising the intrinsic value of diversity at the Bar, and expanding the breadth of its membership. We are committed to promoting the full and equal participation of members with a disability. Our goal is to ensure that any member with a disability does not experience a disadvantage in accessing, fully participating in, and benefiting from the services of the Law Library, and we endeavour to identify and to protect, insofar as practicable, against factors which may inhibit access.

If you have any queries or any special requirements as a result of your disability which you would like to make known to The Bar of Ireland, please contact a member of the Member Services team who can assist you —
